## ANNOUNCEMENTS.

FOR CONGRESS.

We are authorized to announce HON. GARRETT S. WALL, of Mason county, as a candidate for Congress in this the 9th Congressional District, subject to the action of the Democratic party.

FOR COMMON WEALTH'S ATTORNEY. We are authorized to sungunce HON. S. G. KINNER, of Boyd, 's candidate for Commonwelth's attorney in this Criminal district, subject to the action of the Demogratic Convention.

Louisa has become to be known as the "one cent fine!" town. That is to say, that it matters little what an offender is guilty of, so that it be not a felony, if a Louisa jury sits in judgment on his case the verdict is almost sure to be "one cent and costs." It has been so for so song a time that no man has any collection of any other sort off verdict being rendered in Police Court. Even the jurors themselves have grown ashamed of this stereotyped phrase, and one man was heard to say not long ago that he had rendered his last "one cent" verdict.

It is useless to attempt to assign any reasons for this childish mercy to violators of law. They might be given here, if necessary, for the writer has more than once heard jurors say why they brought in so light a verdict. The object of this for this abuse of discretionary power. While the right of a trial by jury is guaranteed to every person charged with an offense, the individual so charged may, in certain cases, waive this right. Now, it a "tough" who is afraid of the Police Judge demands a jury the men who try him, be they six or twelve, should be allowed the usual fees of jurors, say a dollar and a half a day, and if they do not claim the fee then it should be covered into the town treasury for the henefit of the school or some other worthy fund. Our town charter should be so amended that the Police Judge may try a breach of the peace without the invention of a jury, and if he rises to the occasion he can inflict such punishment as will prevent the burdening of his docket with numberless assentiations. It is a such as the content of the punishment as will prevent the burdening of his docket with numberless assentiations.

"one cent" business. There are cases of breach of the peace where in any fine or any costs inflicted is more than the case deserved; and it is in these where the Judge should be permitted to use a sound discretion, but such offenses as getting howling drunk and disgustingly obscene, and frightening ladies and children from the sidewalk, do not belong to this class.

Senator F. T. D. Wallace, you are a lawyer and have been Police Judge of your native town, and know its needs in the matter where-of we write. Draft and pass your bill accordingly.
